

Questions from 3/25 Clinician's Guide to Autologous Medicine-PRP Hair Restoration

*****There were over 100 great questions submitted pertaining to PRP hair restoration, facial rejuvenation and sexual wellness protocol and application technique. This complimentary webinar on safety and efficacy in your equipment did not provide these details. All of these questions are answered, in great detail, on our website through our educational platform. Dr Khetarpal, along with other expert physician faculty, have produced certification, CME online training that address these questions and include detailed live demo videos on all applications.**

Please call us at 833-5RE-VIVE or visit our website at www.revivetrainings.com to see many training options!

REVIVE™ is happy to extend 25% off ANY online course by using coupon code: PRP25%off at checkout. We thank you for your attendance and hope to see you in future training/hands-on offerings. Stay safe and all the best!
