ADVANCED TRAINING CONSULTANTS

Questions from 3/25 Clinician's Guide to Autologous Medicine-REVIVE™ Marketing

1. What is the revive website? Do you have on-demand recorded videos?
www.revivetrainings.com
We have many recorded training videos, both CME and non CME course instruction for most biologic applications using PRP for hair, face and sexual wellness.
Last night's training will live on our site for complimentary public viewing. We are looking into a you tube channel and will keep our attendees notified of any updates.
REVIVE™ can be found at: <http://www.revivetrainings.com> and does provide recorded online trainings covering PRP applications.
2. Can you share with us the video how you inject PRP in pts?
We would urge you to use the **prp25%off** discount code and purchase the Dr. Khetarpal's course. You will be given 15 day unlimited opportunity to view the 3 CME accredited training where you will find all application techniques, demo videos, didactic lecture, hand-outs with consent forms and can download the slide presentation for your reference.
3. What is the maintenance protocol?
4. We would urge you to use the **prp25%off** discount code and purchase the Dr. Khetarpal's course. You will be given a 15 day unlimited opportunity to view the 3 CME accredited training where you will find all application techniques, demo videos, didactic lecture, hand-outs with consent forms and can download the slide presentation for your reference.
5. Are purchases available for Canadian Derms?

Yes, all training recordings are easily purchased through our website.

We would urge you to use the **prp25%off** discount code and purchase the Dr Khetarpal course. You will be given a 15 day unlimited access opportunity to view the 3 CME accredited training where you will find all application techniques, demo videos, didactic lecture, hand-outs with consent forms and can download the slide presentation for your reference.

If interested in our marketing materials, simply call in and we will customize your order. Shipping charges will be reflected by each location being shipped to.

6. Please share the articles for alopecia areata and PRP

These are also available within the hand-outs.
